

Cellular Data Services

Overview

Campbell Scientific offers low-cost, cellular data service plans for our cellular modems. Our data service plans are for Verizon in the United States, AT&T in North America (US, Mexico, Canada), and T-Mobile in the United States, as well as provid-

ing international access to over 600 carriers in 185 countries. Cellular data service plans purchased with Campbell Scientific modems include the Konect Router Service to assure secure connections with our datalogger support software.

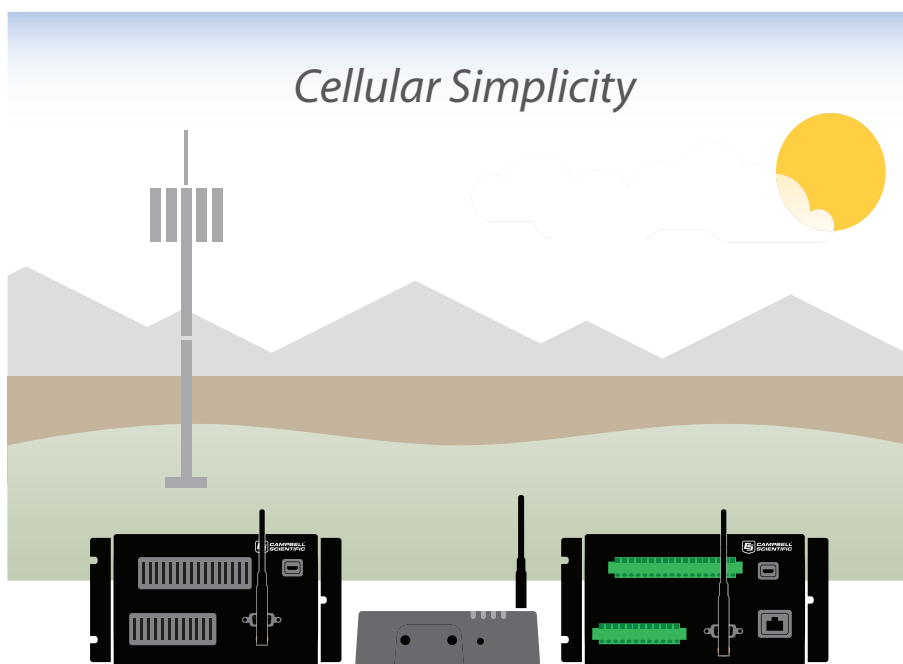

Benefits and Features

- › Ready to use out of the box—no need to work with a cellular carrier for modem provisioning and data plans
- › Competitive pricing
- › Customer support from Campbell Scientific who understands your application
- › Secure Konect router assures on-demand, two-way access to your datalogger

Data Plans

Simplified yearly billing:

- › 25 MB per month
- › 250 MB per month
- › 1 GB per month
- › 5 GB per month
